# Sprague Racquetball Equipment Recommendations

Our preferred retailer is RacquetWorld.com. Unfortunately, there are no longer any local stores in Salem that carry a reliable selection of quality racquetball equipment. We recommend avoiding low-cost equipment from Dick's Sporting Goods or Big 5 because it typically does not last and may not provide the quality needed for regular play.

Goggles, gloves, and balls may be purchased from any retailer, provided they are designed for racquetball and meet league requirements.

## Racquet

Recommended model: Head Graphene Radical 170 Racquetball Racquet
https://store.racquetworld.com/head-graphene-radical-170-racquetball-racquet-224214.html

We prefer Head racquets, although Gearbox is also an excellent brand. Choose a racquet weighing approximately 160 to 170 grams. Coaches are available to help with selection.

**Gloves:**
