

Sprague Equipment Recommendations

Our preferred website is RacquetWorld.com. Unfortunately there isn't a local store any longer in Salem that sells or support good quality gear. Do not purchase cheap equipment at Dicks or Big5. They will not last long and are horrible quality gear.

You can purchase goggles, gloves, or balls at any retailer.

While we are favorable to Head Racquets, GearBox is also another great brand. Stick to a racquet around 160-170 grams in weight. Coaches are always available to assist.
